The American Public Human Services Association advances the well-being of all people by influencing modern approaches to sound policy, building the capacity of public agencies to enable healthy families and communities, and connecting leaders to accelerate learning and generate practical solutions together.

INFLUENCE. BUILD. CONNECT.

APHSA has put the health, safety, and well-being at the forefront of their planning by adopting a Code of Conduct for all attendees. This includes a daily wellness check, mask wearing as required by the locality and/or property and modified social distancing in seating during sessions.

I will see what others are implementing in health & human services training that is new, innovative, cost-effective, and engaging. I will participate in interactive sessions where I will learn exciting new ways to facilitate and train employees at our job sites. I will also hear from national leaders regarding what they are doing to take human services workforce development to the next level so we can do the same. I will hear the trends and directions that are emerging nationally to ensure we have organizational alignment across our agency.

The EMWB Conference provides an unparalleled opportunity for me to upskill. The registration also grants me access to ongoing webinars, informative articles in APHSA's Policy & Practice Magazine and a wide range of workforce development resources!

I will return engaged, energized, and enthusiastic to implement all the exciting learning that I have taken in over these four content-packed days!

I would love to discuss the particulars of the event, the potential return on investment and answer any questions that you have. Thank you in advance for considering my request.

Sincerely,
